7. After installation, in order to provide you with a license, we need to obtain your unique machine ID/host ID (for example: WIN32-4d68b712, LINUX2-4d68b712).

After installation, launch the tool, select the tabs > Parasoft > Preferences > License. Be sure to select the radio button next to "Local" in order to display the local machine ID.

8. Send the Machine ID to your local Parasoft Account Manager and he will request a license for you.
